1. Background

1.2 The Beneficiaries of the 6G-XR Project and the European Union represented by the European Commission (hereinafter referred to as “Granting Authority”) have entered into a Grant Agreement number 101096838 regarding the 6G-XR Project (hereinafter referred to as “Grant Agreement”). The 6G-XR Project comprises sixteen (16) collaborating Consortium Partners. UOULU is the Coordinator of the 6G-XR Project.

1.3 In the Grant Agreement the Beneficiaries and the European Union have agreed in compliance with the terms and conditions of the Grant Agreement (Article 9.4.) that the 6G-XR Project includes providing Financial Support to third parties in the form of grants (hereinafter “FSTP”). The third parties receiving FSTP will be selected through open calls that shall be organised as a part of the 6G-XR Project.

1.4 For the clarity, the third parties receiving FSTP do not become party to the Grant Agreement or the Consortium Agreement and are not parties of the 6G-XR Project. They are not service providers or sub-contractor of the 6G-XR Project and they do not implement 6G-XR Project tasks, but they may receive (indirectly) EU funding from the 6G-XR Project in compliance with this Agreement. Therefore, contractual arrangements with the selected recipients of FSTP shall be concluded to ensure their compliance with certain parts of the Grant Agreement (as detailed herein).

2 Purpose

2.1 This Agreement is concluded within the context described above.

2.2 According to Article 9.4. of the Grant Agreement each Third Party receiving FSTP must comply with certain obligations of the Grant Agreement in accordance with the terms and conditions of this Agreement.
The purpose of this Agreement is to specify the terms and conditions applicable to the Third Party Project. The Third Party Project for which FSTP is provided to the Third Party(ies) is described in Annex 1 to this Agreement.

3 The object of the Agreement

3.1 The independent external evaluators nominated by the 6G-XR Project have evaluated the Third Party Project proposal (Annex 1) submitted for funding under the 6G-XR Project under the call: [xxx] in accordance with the requirements established in the call documents: [xxxxx]

3.2 Based on the evaluation of these independent external evaluators the 6G-XR Project Management Team has selected the Third Party Project for funding and implementation subject to the terms and conditions detailed hereunder

4 The implementation of the Third Party Project

4.1 The Third Party(ies) shall endeavour to ensure that all activities under this Agreement are performed to the highest professional standards and in accordance with the state of the art and the terms and conditions of this Agreement.

4.2 The Third Party(ies) shall carry out the Third Party Project in accordance with:

1. the terms and conditions set out in this Agreement, including the identified parts of the Grant Agreement and Horizon Europe Regulation;
2. the requirements set out in the call documents and in the Guide for Applicants (Annex 2) and
3. the Third Party Project proposal (Annex 1)

The Third Parties are jointly and severally liable for the performance of their obligations under this Agreement. The Third Parties have appointed the Third Parties Coordinator from among them and authorised it with a power of attorney or with a separate agreement signed by the authorised representative(s) of the Third Parties to sign this Agreement on Third Parties’ behalf. The Third Party Coordinator is responsible for ensuring that the other Third Parties have validly committed to the terms and conditions of this Agreement. For the clarity, this shall be applied only in case there are several Third Parties implementing the Third Party Project.

4.3 The Third Party(ies) shall be entitled to an assigned mentor who shall be nominated by Consortium Partners from among the Consortium Partners (hereinafter the “Mentor”). The
Mentor shall monitor the technical work, and to support Third Party(ies) to perform its/their tasks in the Third Party Project, thus ensuring their integration in the overall 6G-XR Project work.

However, in respect of mentoring, no warranty or representation of any kind is made, given or implied as to the sufficiency or fitness for purpose. Therefore, the Third Party(ies) shall in all cases be entirely and solely liable for the implementation of the Third Party Project.

4.4 The Consortium Partners will (through the Mentor) monitor the progress of the Third Party Project. Such monitoring may include for example meetings with the Third Party (ies) and site visits in the premises of the Third Party(ies).

4.5 Each Third Party shall notify the Coordinator and the Mentor as soon as possible of any changes affecting the implementation of the Third Party Project. In addition, each Third Party shall at all times during the implementation of this Agreement, provide any information requested by the Coordinator or the Mentor assigned for the Third Party Project, through the Third Parties Coordinator, in relation to this Agreement.

4.6. The Third Party(-ies) undertake(s) to comply with all applicable sanctions, import control and export controls laws, regulations, executive orders, treaties and other agreements in force from time to time applicable to that Third Party.

5 Reporting and Deliverables

Adequate records and supporting documents to prove proper implementation of the Third Party Project as described in Annex 1 are needed to justify the Grant (article 20 of the Grant Agreement).
- the request for funding duly signed by the Third Party Coordinator`s authorised representative.

6 The Approval of the Third Party Project and the payment of the financial support to third parties (the Grant)

6.1 For the implementation of the Third Party Project the Coordinator shall pay to the Third Parties Coordinator maximum funding of 60 000 EUR Financial Support to Third Parties
